NUMBER 9—36th YEAR

LIMA, OHIO, THURSDAY, DECEMBER 18, 1919.

PRICE THREE CENTS

## MEXICAN REPLY IS DEEMED EVASIVE GOEKE BEING GROOMED FOR U. S. SENATOR

### LIMA MAN IS POSSIBILITY AS U. S. SENATOR

Former Congress-  
man Goeke Consid-  
ers Entering Race.

A dispatch from Washington says: J. Henry Goeke of Lima, Ohio, former congressman, may be a candidate for the democratic nomination for United States senator from Ohio this coming year.

Mr. Goeke is in Washington for a brief stay on legal business. He is professing no particular hankering to return to political life, but his friends here are informed that democrats in all sections of the state are sending him word urging him that he step into the senatorial fight to succeed Senator Warren G. Harding, whose term expires next year. He has come to no decision on the possibility.

With regard to Ohio politics, Mr. Goeke sees danger to democratic changes in the contesting candidacies for presidential honors of Governor James M. Cox and Senator Atlee Pomerene. He believes there should be an amicable adjustment to produce one Ohio candidate.

One plank in the Ohioan's senatorial platform should be run, probably would be a contention for a state's right to determine for itself the alcoholic content of wine and beer, as Mr. Goeke believes that right exists. "Our republican friends," Mr. Goeke said here today, "are violating that ancient saw about counting chickens ere they are hatched. They are visualizing a victory in 1920 that may prove as illusive as that bag of gold at the end of the rainbow."

"The democratic party can win and I think cannot fail to triumph next year if only it will declare itself in favor of a very few essential policies. Opposition to government ownership of the railroads and all other public utilities should be unequivocally declared; the transportation lines should be handed back to the owners without delay and legislation enacted that would allow their operation at a reasonable profit."

"Relief measures should also be extended to the interurban electric roads that are now scarcely able to keep going."

"One of the factors in the present excessive cost of living is the excess profits tax, and this ought to be repealed without delay. A national budget system should be speedily adopted to replace the present wasteful and unscientific method of appropriating the public funds."

"One of the most salutary things any party could do would be to fight for the restoration of the rights of the respective states to determine for themselves the alcoholic content of such liquors as wine and beer. This can be effected without recourse to an amendment of the federal constitution."

"Last, but not least, the peace treaty and league of nations covenant should be forthwith ratified. I would favor adoption without reservations, but if that is not possible, then accept any reasonable set of reservations and get the world back on a normal basis and with its future peace assured."

"Ohio has two strong presidential candidates—Senator Pomerene and Governor Cox. Either can carry the state; either would make a fine chief executive. Both cannot run, and there should be a friendly settlement of their rival ambitions, or else a bitter clash might be precipitated that would endanger loss of the state."

ACCUSED MOTHER SERIOUS  
ATLANTIC CITY, N. J., Dec. 18.—Mrs. Esther Miller Blake will be unable to testify tonight at the inquest into the death of her five-year-old son, James M. Blake, Jr. Physicians announced this today after examining her in a hospital here. Mrs. Blake is a prisoner at the hospital charged with murdering the boy a month, whose body was washed upon the beach under the board walk at Ventnor last Sunday.

### Eating Oysters Brings Family Near to Death

AKRON, Dec. 18.—Becoming violently ill after eating some oysters purchased at a nearby grocery, Charles Singer, his wife and their 18-year-old daughter, Margaret, were rushed to People's hospital today where physicians are exerting every effort to save their lives.

The nature of the poisoning is not known. Some physicians believe it may have been ptomaine poisoning while others declare that this poison is not generated in the large cans in which bulk oysters are shipped. A possibility that wood alcohol might have been used as a preservative is being investigated.

### DISTILLERS ARE LOSING HOPE OF UNLOADING

LOUISVILLE, Ky., Dec. 18.—Kentucky distillers apparently began today to lose hope of ridding themselves of approximately 35,000,000 gallons of liquor before national prohibition comes into force January 16. At that time all whiskey intended for export must be out of this country or be confiscated, according to federal authorities.

As far as could be learned today no workable plan for disposing of the liquor stocks in Kentucky bonded warehouses, said to be worth at wholesale more than \$350,000,000, had been advanced, and whiskey interests were said to look with alarm upon the narrowing time limit.

Meanwhile, federal officers in the last two days have arrested 14 alleged violators of the war-time prohibition law and it is understood, have warrants for arrest of others on similar charges. Among those arrested is Peter Bitzer, termed the "most arrested" man in Louisville and who has been before local courts many times in the last few months on charges of violating the prohibition law. Bitzer and the others were held to the March federal grand jury.

### PRESIDENT IS OF OPEN MIND ON RAILWAYS

WASHINGTON, Dec. 18.—Night sessions of the senate leaders said today, probably will be continued in an effort to have the Cummins railroad bill passed before the holiday recess. The bill, which is framed to meet the requirements of the railroads when they revert to private control, comes up again today when the anti-strike clauses with two substitutes will be considered.

The substitutes were offered by Senator McCormick, republican, Illinois, and Jones, democrat, New Mexico, and were designed along the lines of the Canadian law. The McCormick substitute would prohibit strikes or lockouts of employees until 60 days after decisions by an arbitration board, which would be required to render decisions within ninety days.

From the White House it was announced that President Wilson's mind was still open on the question of returning the railroads to private control. The announcement was in response to a petition presented by a delegation representing union labor and some of the farmers' organizations urging that the president delay the return of the railroads for two years.

### Toledo to Pay Service Charge on Natural Gas

COLUMBUS, O., Dec. 18.—Toledo will have the first "dollar a thousand feet" rate for natural gas in Ohio, according to a schedule filed with the public utilities commission today by the Northwestern Ohio Natural Gas Company. The new schedule provides that the dollar rate will apply only to the first 1,000 feet used by subscribers. Thereafter the rate will be 35 cents a thousand feet. The company will make a readiness-to-serve charge of 65 cents for the first 1,000 feet, in addition to the regular rate of 35 cents.

CASE IS POSITIONED  
Prosecutor John Cable announces, the trial of Ulysses S. Beam, set for December 19, has been postponed until the early part of January owing to the number of criminal cases on the docket. Beam was indicted by the last grand jury for the performance of an illegal operation on a white girl.

### ITALIAN ARMY MAY PREVENT Fiume Peace

Roman Soldiers to  
Make Effort to  
Stay in the City

Fiume, Dec. 18.—Obstacles to the withdrawal of Captain Gabriele d'Annunzio's forces brought about a new turn in the Fiuman situation today and may block acceptance of proposals made by General Badoglio, Italian chief of staff.

Strong pressure is being exerted by a large number of soldiers who wish to remain in Fiume until formal annexation to Italy is promised and there are also various elements of the annexationists waiting stronger guarantees, even insisting what the present garrison be maintained here as a regular Italian garrison under the command of d'Annunzio.

Feeling is running at highest pitch preparatory to the plebiscite which will be held today. A meeting was held last evening to discuss various phases of the question. It was announced as open only to citizens of Fiume, but it was packed with officers who have donned citizens' clothes to gain admission. Most of the rest of the audience was made up of women and girls. There was some confusion and heckling between the various groups, one man who ventured to address the meeting as "a Fiuman who had fought for Italy," was sharply questioned by a spectator who said he was "a Fiuman who had fought for Austria-Hungary because being a Fiuman he was an Austro-Hungarian subject."

Pythians Observe  
Their Anniversary  
As customary on the anniversary of their organization, Lima Lodge of Pythians celebrate their forty-fourth anniversary with a banquet held in their hall Wednesday night. More than 200 members of the lodge were present for the banquet which was served at 6:30 o'clock. Judge Kent W. Hughes acted as toastmaster during the evening.

Following dinner short addresses were given by W. E. McMillen, Walter S. Jackson, Col. J. H. Harley, Dr. J. H. Blattenberg, and N. W. Cunningham. Music was furnished by a five piece orchestra, and in addition a short program was given. The entertainment committee included: W. H. Howell, J. J. Anderson, O. O. Barr, Carl Jacobs, and William Fields.

### Cold Wave is Not Worst Ever; More Snow Due

WASHINGTON, Dec. 18.—Below zero temperatures were registered last night and early today in parts of New York state and New England. The lowest temperature reported to the weather bureau was 22 below at Northfield, Vermont, while the next was 20 below at Canton, N. Y. Zero temperature was registered in New York City, at Boston it was six below, at Albany 8 below and at Buffalo 2 below. Philadelphia and Atlantic City showed 4 above; Baltimore 8 above and Washington 10 above.

While the cold wave east of the Mississippi is a severe one, it was said at the weather bureau that no temperature records were broken even for this early in the season.

While the weather will moderate somewhat tonight the official forecaster said cold weather would continue for the present and that the outlook was for snow flurries in the middle Atlantic and New England states, the upper Ohio valley, Tennessee, the South Atlantic and East Gulf states tonight and tomorrow.

### Burglar Runs Into Policeman Who Arrests Him

TOLEDO, O., Dec. 18.—A jewelry store burglar, fleeing with loot worth several thousand dollars, ran into the arms of a policeman here early today. The capture ended a fusillade of shots sent flying after the man by several policemen who were attracted by the noise of crashing glass. The man under arrest is William Brown, 20 years old. Twenty gold watches, jewels and bracelets were taken from the jewelry store window.

### Many Driven By Fire Into Zero Weather

CLEVELAND, Dec. 18.—With the thermometer registering four degrees above zero, the coldest weather of the winter, five families were forced to flee in scant attire early today in a fire which swept a drug store and apartment building on East 10th street. Property loss is estimated at several thousand dollars.

BOSTON, Dec. 18.—Fire in the Abbotsford, an exclusive apartment hotel in the Back Bay district, caused the death of two persons and drove nearly 50 others to the street in zero temperature early today.

### PACKERS MAY RETIRE FROM SIDE INTERESTS

Expresses Himself  
Freely on Several  
Important Issues.

WASHINGTON, Dec. 18.—Negotiations between the meat packers and the government, it became known today, have been going on for some time with the object of compromising the anti-trust prosecution which is still in the stage of a grand jury investigation.

It is understood that one of the plans considered is the withdrawal of the packers from side lines such as the wholesale grocery business which various reports of the federal trade commission have charged them with seeking to dominate.

CHICAGO, Dec. 18.—Dissolution of the wholesale grocery interest of the big five packers would not seriously affect any of them. Louis F. Swift, head of Swift and Company, said today in discussing a report that A. Mitchell Palmer, United States attorney general, would announce today or tomorrow an agreement of the packers to dissolve all interests except those involved in production of meat, poultry, butter, eggs and cheese. The meat canning, soap making and fertilizer side lines would not be affected, Mr. Swift said.

### Sugar Control Gets a Setback

WASHINGTON, Dec. 18.—Sugar legislation received another setback in the senate today when advocates of the bill to extend federal sugar control and licensing during 1920 were unable because of protracted opposition debate, to bring to a vote the house amendments broadening the powers proposed for the United States sugar equalization board.

### KLATTE TO HEAD CATHOLIC KNIGHTS

John Klatte was elected president of the Catholic Knights of America at the annual election of officers held Wednesday night. Other officers elected were: E. J. Veasey, vice president; J. O'Neill, secretary and treasurer; F. McFarland, financial secretary; J. D. Leonard, Peter Keller, and Jeremiah Finn, trustees. Monsignor A. E. Manning has been elected spiritual advisor.

### HOME BREW KILLS TWO

EASTON, Pa.—Betty White and Robert A. Lahar drank a liquid which they supposed was whiskey at a party at Mrs. White's house. Both died. The authorities say they were poisoned by the home brew liquor they partook of.

### MINERS MEET MAY BE HELD IN COLUMBUS

Coal Strike Issue  
Before a General  
Convention Jan. 5.

COLUMBUS, Dec. 18.—Reasons for the settlement of the recent coal strike by accepting President Wilson's proposal may be explained to a general convention of the United Mine Workers of America, which may be held here at Memorial Hall January 5 to 8.

William Green, secretary of the United Workers, yesterday obtained an option on the hall for those dates, and informed county commissioners that 2100 delegates would attend the convention.

### MINERS MEET MAY BE HELD IN COLUMBUS

Coal Strike Issue  
Before a General  
Convention Jan. 5.

COLUMBUS, Dec. 18.—Reasons for the settlement of the recent coal strike by accepting President Wilson's proposal may be explained to a general convention of the United Mine Workers of America, which may be held here at Memorial Hall January 5 to 8.

William Green, secretary of the United Workers, yesterday obtained an option on the hall for those dates, and informed county commissioners that 2100 delegates would attend the convention.

However, word from Indianapolis last night quoted John L. Lewis, acting president of the mine workers as saying that it had not definitely been decided to hold the general convention in Columbus. He said a hall sufficiently large enough could not be obtained in Indianapolis until late in January, and that an option had been secured on the Columbus hall and that the convention might be held in Columbus.

A call for the convention, he said, probably would be issued in a few days. Mr. Lewis said the settlement of the strike would be explained to the delegates, but that action of the officials in accepting President Wilson's proposal would not be up for a vote before the convention as the action of the officials was final.

### G. O. P. Solons in Ohio Alter Law To Aid Harding

COLUMBUS, Dec. 18.—The senate passed the Hopley bill to change the primary election law for the benefit of United States Senator Warren G. Harding so he would not have to file his declaration as a candidate for United States senator until after the republican national convention at Chicago, June 8. The bill makes the time for filing declarations 45 instead of 60 days prior to the August primaries.

Senator Miller's bill to consolidate the August primaries with the primaries in April to elect delegates to the state convention, thus effecting a saving of about \$500,000 has been sidetracked by republican leaders. If this bill were adopted it would require Harding to seek re-nomination for the senate before the national convention is held.

### CARRANZA IS STILL DODGING IS FORECAST

Official Text of Reply is in the Hands of U. S. Officials.

MEXICO CITY, Dec. 18.—Earthquake shocks at six o'clock last night caused some excitement among the people, following the publication of numerous reports that the end of the world was due Wednesday. No damage resulted although the shocks were more severe than those commonly felt in Mexico City. In spite of the excitement there were no disorders.

### PROBING FIRE AFTER ARSENAL IS DESTROYED

Million Dollar Loss  
Results From  
Explosion

DOVER, N. J., Dec. 18.—Causes of the spectacular fire which swept over part of the Picatinny arsenal following an explosion in the research laboratory late last night were made the subject of an official investigation by army officers today.

The fire destroyed four buildings, entailing a loss estimated as high as one million dollars. Five men were injured, one possibly fatally, but so far as could be ascertained there was no loss of life.

### G. O. P. Solons in Ohio Alter Law To Aid Harding

COLUMBUS, Dec. 18.—The senate passed the Hopley bill to change the primary election law for the benefit of United States Senator Warren G. Harding so he would not have to file his declaration as a candidate for United States senator until after the republican national convention at Chicago, June 8. The bill makes the time for filing declarations 45 instead of 60 days prior to the August primaries.

Senator Miller's bill to consolidate the August primaries with the primaries in April to elect delegates to the state convention, thus effecting a saving of about \$500,000 has been sidetracked by republican leaders. If this bill were adopted it would require Harding to seek re-nomination for the senate before the national convention is held.

### PROBING FIRE AFTER ARSENAL IS DESTROYED

Million Dollar Loss  
Results From  
Explosion

DOVER, N. J., Dec. 18.—Causes of the spectacular fire which swept over part of the Picatinny arsenal following an explosion in the research laboratory late last night were made the subject of an official investigation by army officers today.

The fire destroyed four buildings, entailing a loss estimated as high as one million dollars. Five men were injured, one possibly fatally, but so far as could be ascertained there was no loss of life.

The plant was said to be deserted at the time, save for guards. The explosion rocked buildings in this town and was heard forty miles away. Major O. L. Miles, in charge of the plant summoned volunteer firemen from Walton and Rockaway, and marines from the nearby barracks at Lake Denmark. The work of fighting was made hazardous by exploding shells and it was several hours before the flames were brought under control.

Private Oliver McCormick, of Akron, one of the men injured by the explosion, died early today at the Dover general hospital. Paul Green of Boston and Ralph Luce and C. B. Butler, whose addresses are unavailable, are reported to be in a critical condition. All the men were quarantined at the marine barracks at the arsenal.

### INCOME TAX LAW IS THRICE DEFEATED IN OHIO ASSEMBLY; COMES UP FOR FOURTH TIME

COLUMBUS, O., Dec. 18.—The general assembly will make one last effort to enact an income tax law today before recessing until after the Christmas holidays.

Twice defeated in the house, the income tax bill was presented in a revised form in the senate last night and was beaten by a vote of 15 to 12. Motion was immediately made to reconsider this vote when the senate again convenes at 10:30 o'clock this morning. Senator Wright who voted against the measure said he did so for the purpose of moving a reconsideration only and that he would vote for the bill today. Senator Whittemore intimated that he might change his vote from "no" to "yes" which would be sufficient to pass it. If the senate passes the bill it will be sent to the house for action.

"Failure to pass an income tax bill leaves but one alternative—the lifting of the limitations in the Smith one per cent law," said Chairman Parrott of the taxation committee.

A bill to remove from interior limitations of the Smith law interest and sinking fund charges was introduced in the house last night by Representative Gardner of Cincinnati. It was referred to the joint taxation committee.

Rural members will fight any attempt to change the Smith law. Rather than see the Smith law changed, it was said they might finally accept the revised income tax bill.

The new income tax bill now before the senate for reconsideration differs radically from the first one. It provides for a state income tax of one half of one per cent on all personal incomes and permits municipal

### END OF WORLD IS NOT EXCITING IN CAPITAL OF MEXICO

MEXICO CITY, Dec. 18.—Earthquake shocks at six o'clock last night caused some excitement among the people, following the publication of numerous reports that the end of the world was due Wednesday. No damage resulted although the shocks were more severe than those commonly felt in Mexico City. In spite of the excitement there were no disorders.

WASHINGTON, Dec. 18.—Mexico's reply to the last American note on the case of American Consul Agent Jenkins was received today at the state department.

The official text was said to differ only slightly from that contained in Associated Press dispatches Tuesday night from Mexico City.

While officials said they would have no comment to make until they had had time to thoroughly study the note, it was indicated that at first reading the communication had not made a favorable impression.

WASHINGTON, D. C., Dec. 18.—Carranza's unyielding reply to the American government's demands to cease persecuting United States Consul Agent Jenkins through a trumped up prosecution puts the next move in the controversy with Mexico up to President Wilson.

Carranza refuses to withdraw the proceedings against Jenkins, and asserts that the American government's belief in the innocence of the consul agent is not sufficient cause for removing the American official from the jurisdiction of Mexican tribunals.

What President Wilson will do now to enforce compliance with the administration's demands is a matter of speculation in official circles.

### OHIO WEATHER

Snow flurries tonight and tomorrow. Not quite so cold tonight.

THE LIMA TIMES  
NORTHWESTERN OHIO'S HOME NEWSPAPER

## GANG ENDORSES SEN. HARDING FOR PRESIDENT

Orders Had Come "From On Ahead" to Endorse Warren G.

HASN'T ANY CHANCE

But It Gives the Bosses Opportunity to Trade At Convention.

The Allen County Republican committee last night "played dead," rolled over, jumped through the hoop and did other gymnastics at the order of the gang leaders, who have a death-grip on the G. O. P. "organization" in the city and county just now.

"Cap" Gale, who is said to be in line for the appointment as postmaster in the event the republicans elect the next president, acted as chief factotum, and saw to it that his orders were carried out.

All For Warren  
The "main business" of the evening was the endorsement of Senator Warren G. Harding, of Marion, for the presidency. Of course all the gang members know that Warren hasn't a ghost of a show and that if by any chance he is nominated he will be snowed under, but just the same the order has gone out from the big bosses in Columbus to endorse Harding and the little fellows in each county are following these instructions.

Chance to Trade  
What the big bosses want is a Harding delegation to the convention. Then when the time comes to ditch Harding and line-up for the real candidate, the delegation can be delivered and the big bosses will "get theirs."

Great game, boys, and especially for the little fellows who think they have a chance to get a few postmasterhips and other crumbs from the big bosses' tables!

Won't Be Warren  
The big fellows are already sitting in on the game and commencing to study who will be "it" when the convention meets—and you can bet your sweet life it won't be Warren G.

But the Lima G. O. P.—or rather the bosses—have said they are for Harding. The rank and file happens to be for General Leonard Wood, according to statements heard every day and Wood would poll in Allen county 10 votes to Harding's one. But that, boys, is politics, and the game has to be played!

B. OF R. C. LIMA 665—WILL GIVE A DANCE DEC. 20, CORTIS JAZZ ORCHESTRA, CENTRAL HALL. ADMISSION 25c.

## New Road Concern Organized Here

Another new Lima incorporation to be known as the Willite Road Construction Company has been incorporated at Columbus with a capital of \$10,000. The incorporators are M. O'Brien, C. O'Brien, S. K. Spellacy, J. G. Tait and J. S. Tait. The company will hold state rights of the Willite compound, but will have the privilege of leasing out their rights to various contractors who are desirous of using this material. The company also plans in the near future to organize a construction company for the laying of roads.

## MAN INJURED WHEN HORSE RUNS AWAY

Joseph H. Hams, employee of the S. S. Coon Lumber Company, narrowly escaped very serious injuries early this morning, when the horse which he was driving on the Elida road, became frightened at a Pennsylvania passenger train, and started to run away. Mr. Hams, who lives about a mile and a half from Lima, on the Elida road was enroute to his work when the accident occurred. The horse ran for some distance, and then collided with a heavy mail box, overturning the buggy.

Hams was thrown to the ground, and in the fall suffered a broken right hip. He was also bruised about the body. A call was sent for the Williams and Davis ambulance, and the injured man taken to the City hospital where he was reported to be resting easier this afternoon. A companion with Hams escaped uninjured.

Public Should Govern Service, Says Goodwin  
The time has come for business men of the country to urge their representatives in congress to include in the railroad legislation about to be enacted, a rule of rate making designed to yield sufficient revenue to enable the railroads to furnish the service that is required by the public, according to a letter received by officers of the Chamber of Commerce from Elliot D. Goodwin, general secretary of the National Chamber at Washington.

Goodwin calls attention to the referendum vote taken last summer by the business men of the country through the local commercial organizations by which they declared by a vote of 1223 to 209 in favor of a definite rule of rate making. "The Cummins" railroad bill, recommended for passage by the senate committee on interstate commerce and now being considered in the senate, includes such a rule.

CONDITION IMPROVES.  
E. B. O'Leary, manager of the Western Union Telegraph office, who underwent an operation the first of the week at the city hospital has sufficiently recovered so as to be removed from the hospital to his home 701 west Spring street.

## SAUER ARRESTED FOR BOOTLEGGING

Henry Sauer, former saloonist, now conducting a soft drink emporium at 236 1/2 North Main street was arrested by police Thursday morning on a charge of selling intoxicating liquor. Sauer pleaded not guilty, and his hearing was set for Monday.

This is the second time Sauer has been arrested on a like charge, according to police. He was fined \$500 in criminal court recently on a bootlegging charge, police stated.

## Passport for Lima Woman Has Arrived

Passport of Mrs. John R. Marshall, of the New Sherman house 202 East

High Street, arrived at the office of the county clerk Thursday. Mrs. Marshall expects to sail from New York on the steamship "La France" January 6 for an extended visit in France. When she returns she expects to bring her brother, who was a soldier in the late war, to this country.

AGED WOMAN DIES  
Mrs. Martha Harrell, 82, died at her home, 715 Madison avenue at 9:30 o'clock last night, from infirmities due to advanced age. One son, Cassius Gorman, is the nearest surviving relative. The deceased formerly resided in Paulding, Ohio, and the remains will be accompanied there for burial.

APPOINTED EXECUTOR.  
Henry Van Gunter was appointed executor of the estate of John Van Gunter in probate court Thursday.

MARRIAGE LICENSE.  
Loyal Dean Everett, 23, farmer, Beaverdam, and Sarah M. Motter, 23, Allen county.

## Action Overruled in Court Here

Judge Barnes, Sidney, overruled a motion of the attorneys of John K. Townsend for a new trial in his damage suit against the Western Ohio railway. Townsend, who alleges he received injuries making him a cripple for life in a collision with a car on the South Pine street bridge, was given a verdict for \$10,000 damages in his first suit, three years ago, it is understood. At a later trial, a jury found no cause for action.

TWO SMALL FIRES.  
A fire burning out at the home of Ray Tabler, 767 Weadock avenue Wednesday evening resulted in a call for the fire department. A second call during the night proved to be a small blaze at the home of Ida Harrod, 864 East High street, caused by thawing out frozen water pipes, according to Chief Mack's report.

## Elks to Initiate Candidates Tonight

A class of about 46 new candidates will be initiated into Lima Lodge of Elks at initiation ceremony to be held this evening at the club. A social time, during which a lunch will be served is also on this evening's program. All members are urged to be present, as several matters of interest to Lodge members will be discussed.

## RICHARDS ADJUDGED INSANE THURSDAY

L. W. Richards, held in the Lima State Asylum since he was found in an unconscious condition in the office of Dr. J. H. Blattenburg a few weeks ago, was adjudged insane Thursday.

Richards is being held by the sheriff pending authority from the state board of administration to con-

## GETTING MORE FOR YOUR MONEY

When you open a savings account it is plain common sense to put it where you will get the most benefits. You work hard for your money. You want that money to bring it all it can, safely and legitimately. It is both right and proper for you to carefully investigate the merits of various savings methods. We welcome this inspection and comparison, for we know you will find that we offer the greater benefits. We'll be glad to see you at any time. The Allen County Savings & Loan Company, Savings Building, Corner Market & Elizabeth streets.

## Yank Mutiny in Russia

FACTS HAVE ACCUMULATED during the past months which appear to disprove utterly all contention that the American soldiers stationed in North Russia had been guilty of mutiny. This, too, in the face of contentions of Colonel Raymond Robins, a former member of the American Red Cross Mission to that country.

Official documents in the hands of the government have settled in official minds any question which has arisen out of the so-called mutinous action on the part of the Yanks.

Lieutenant A. W. Kliefoth, ex-assistant military attache in Russia, who wrote the official record of the much discussed trouble, is authority for the statement that the only controversy which arose among troops in that country which possibly could be construed as mutiny, was the emphatic request of soldiers for more heat in the troop trains.

To sensible people this statement from Lieutenant Kliefoth will suffice to end all argumentation over incidents associated with the presence of Americans in Russia.

There has been altogether too much loose talk going the rounds in regard to certain things which did or did not happen overseas. Unusual as it may seem, much of the trouble which has thus been brewed, has come from persons who have had little or no personal knowledge of conditions and circumstances.

Colonel Robins, upon his return from Russia, dictated a story of his experiences which was published by a well known magazine. If the reader was not sufficiently impressed with the fact that Colonel Robins had exceptional standing with Lenine, it is no fault of the narrative. The whole story has appeared to many to disclose the information that Lenine seemed particularly anxious to please this Red Cross official, although truth to tell Colonel Robins cites several instances where it required stern persuasion to have his demands acceded to.

Lieutenant Kliefoth appears to have justification in refusing Robins' statement. He was on the ground and was close enough to any incidents which arose to be able to write and speak with authority. The nation is in no mood to listen to or heed gossip about the army's conduct in foreign lands. The American soldier went to France and Russia with a direct purpose in mind. That they discharged their obligations and met their duties in a magnificent manner, in itself is sufficient testimony to cause pride in their achievements.

## Today, Not Tomorrow

TODAY IS ALL that is worth while in the world. Yesterday is gone forever, and to-morrow may never come. The most important thing, the most necessary thing, the most vital, most certain, most essential and most compelling thing in the world is to-day. The man who takes to-day to heart—who acts as if to-day were all that could count in the game of life, has nothing to fear of to-morrow. When to-morrow comes it is to-day again, and all of the importance of to-morrow is hugged close in the possibilities and responsibilities of to-day. We would rather have one to-day than all the yesterdays and all the to-morrows that ever have been or ever will be.

HAPPY THOUGHT—The bandit is not the only man who lies in wait for folks nowadays.

That western train robber who declared he never robbed old people, children or soldiers would never make a successful profiteer.

"Every time I see 'em working a church or handsome residence I ask no questions," said a Market street man yesterday. "I just take it for granted they're going to build another garage."

Some serious results have been reported from Kentucky since the state went dry. Now comes a hunter with the claim that he recently killed an animal that looked like a rabbit, barked like a fox, hibernated like a bear and that was as bushy as a beaver.

GOOD EVENING—"It takes a crooked man to go straight—to the bad."

## OUR BED-TIME STORY

FOR TINY TIMES-DEMOCRAT FOLKS

Jack and Jane spent the afternoon of their last day in Naples writing long letters to father and mother, back home in Make Believe town. Dr. Cheer of Beautiful Island, King Charles and Queen May, the Widow Aar, Jeanne and the other friends they had met at other places they had stopped. Of course the children had to tell all of them about the kidnapping. Lady Jane wrote a bulky letter to mother, too, telling her for the first time about the stealing of the children and of their rescue, all safe and sound and healthy. She was very sure, too, that she told mother not to worry about any more, turn coming to the children, explaining that every member of the band had been caught and put in jail.

Soon after dinner Jack and Jane said goodnight to everyone and climbed into their beds and fell asleep trying to decide what the country they were going to visit most look like. Jack thought of the nice bootblacks he had seen in the old near Make Believe town, but decided that they couldn't look like the folks in Greece because they were clothes like the other folks in America did. Signor Angelo had told the children during the afternoon that the native Greeks wore queer costumes with tight trousers, short skirts and funny

little short coats or jackets with fancy work on them.

The next morning Jack and Jane were up bright and early and were ready for breakfast as soon as Captain Brave and the others were. They all had breakfast together in the big dining room of the hotel. Before they left the table Signor Angelo surprised the children by giving each of them the most wonderful ring they ever had seen. Each ring had a diamond and two rubies set

"I don't want you to forget me and I when you leave," said the wealthy Italian. "Whenever you think of Italy try to think of the good times you had at Como and the fun we had in Switzerland, and don't think about the kidnappers."

"I'm sure we will never forget you for the good times we've had," said Jack and Jane. "And if the kid nappers hadn't carried us away we wouldn't have had half so many thrilling things to tell everybody when we got home."

Captain Brave had looked over his airplane engine the afternoon before, so, as soon as he had filled the gasoline tank and had put the drawers of clothes into the little room in the lower part of the plane, he lifted the children into the big machine, he, ed Lady Jane in and then climbed into his place. The engine started and he started to start a fire and then rose into the air. As it left the ground Captain Brave circled around the landing field. The children waved a last time to Signor Angelo and Como down on the ground and then Captain Brave headed the plane for Greece.

## Short Stories of the Buckeye State

GOVERNOR W. W. WORTHINGTON

WORKED WITH PRISONERS

Thomas Worthington was the first

Ohio governor to employ prison labor

on state work, and it is related

of him that he joined with them in

such work here and used his own

hands for two days in clearing the

ten acres now constituting the state-

house grounds, of logs and brush.

Soon after assuming the office of

governor he became disgusted with

both the law-making body of the

state and that of the city in failing

to provide for the clearing of the

state property of unsightly logs and

brush-heaps left by the choppers who

had cut off the timber. There were

no funds that could be used in clear-

ing the tract, and so he called in the

warden of the state prison and sug-

gested that prisoners be used in the

work.

It was arranged that thirty

prisoners should be brought to the

square and set to work. The gov-

ernor agreed to supply direction for

the prisoners, and when they were

brought to the tract, to the surprise

of many, he undertook to direct their

labor in person. And for two days

his excellency, in shirt-sleeves hand-

led axe, pick and hand-spike with the

prisoners, in removing stumps, and

roots, rolling logs into heaps and

burning rubbish of all kinds.

It is said that not a prisoner at-

tempted to escape—probably enjoy-

ing the outing and the honor of

working alongside the governor of

the state. The story of this enter-

prise was told by Dr. Lincoln Good

ale, the man who gave to the city

of Columbus the tract now known as

Goodale park, and in all probability

he was an eye-witness of this enter-

prise of Governor Worthington.

Worthington was elected governor

in 1814 and again in 1816, so that

the clearing of the state-house lot

by the joint efforts of the governor

and the prisoners must have been in

the summer of the first-named year.

Goodale park, and in all probability

he was an eye-witness of this enter-

prise of Governor Worthington.

Worthington was elected governor

in 1814 and again in 1816, so that

## FOR MISS JOHNSON.

Miss Wava Prosser, of north West street, entertained with a pretty miscellaneous shower for the pleasure of a bride of the near future, Miss Barbara Johnson, daughter of Mr. and Mrs. Harry W. Johnson, of the Allentown Road, who will become the bride of Eugene J. Shellen, of Philadelphia, in January. Miss Johnson will go to Philadelphia at Christmas time, to be the guest of friends until her marriage in January, which will take place in Philadelphia. Mr. Shellen is a florist of that city.

Miss Prosser's party was almost an announcement party as very few of the friends of Miss Johnson were aware of her engagement. It was indeed a very handsome party, the pink and white color scheme, always suggestive of brides and wedding, was used effectively in the appointments of the dining room, where a buffet luncheon was served following a delightful evening of cards.

Those enjoying Miss Prosser's hospitality were Miss Sarah Mullady, Miss Marie Vance, Miss Eleanor Daley, Miss Margaret Daley, Miss Irma Ayres, Miss Ella Pines, Miss Helen Eastman, Miss Rena Johnson, Miss Mabel Shaffer, Miss Elizabeth Brennan, Miss Frieda and Miss Marie Prosser.

## QUIET WEDDING.

Wednesday afternoon at 5:30 Miss Alice Davis Fyfe, of north Washington street, became the bride of Emerson Stanley in a quiet wedding ceremony performed at the home of the bride's parents by the Reverend J. Allan Canby of the Central Church of Christ. Mr. Stanley is president of the Automobile Sales Company and comes from the eastern part of the state, although he has been his home from some time past.

Mr. and Mrs. Stanley are receiving their friends at the home of the bride's parents, on north Washington street, for the present.

## SOCIAL CALENDAR

### TONIGHT

Happy Go Lucky Club. Mrs. Omar Simons.  
Progressive Euchre Club.  
Mrs. Richard Lane.

### FRIDAY

Ideal Club, Mrs. W. L. Cook, afternoon.  
Trow Nox Club, Mr. L. C. Bess, afternoon.  
Laurel Club, Mrs. C. M. Andrews, afternoon.

Junior Queen Esther, Trinity Church 4 o'clock.  
Senior Queen Esther, Trinity Church 5:15.

Tea, Girl's Welfare League Central High hostesses to Girls' Welfare League, South High School, 3:15, Central Cafeteria.  
Donation Day, Lima City Hospital.

### INVITATIONS OUT

Announcement has been made of the approaching marriage of Mrs. Mary Louise Stolzenbach, daughter of Mr. and Mrs. Charles F. Stolzenbach, of West Market street, and Walter Hillard Burns, of New York City. The wedding which will be a very quiet and a very informal affair will be celebrated at 4:30 Saturday evening, January 10th, at the home of the bride's parents.

Again, Lima will lose a bride for the future Mr. and Mrs. Burns will make their home in New York City, where Mr. Burns is representative of the Swift Company, being connected with the soap department.

### BEAVERDAM CLUB.

The Y. M. Club of Beaverdam met Wednesday at the home of Mr. Frank Sherrick. New officers for the ensuing year were elected. The afternoon was spent socially following the business meeting, the hostess serving delicious refreshments at the tea hour. Those enjoying the afternoon were Mrs. Glen Binkley, Mrs. Ed Bassitt, Mrs. Homer Terrell, Mrs. Samuel Stoner, Mrs. P. W. Davidson, and the hostess, Mrs. Sherrick.

Mrs. Dorothy Schell, who attends Deacon School, Carnegie School of Technology will arrive Saturday morning to spend Christmas with her parents, Mr. and Mrs. C. L. Schell, of south McDowell street. Miss Florence Schell, of Chicago, will arrive the first of next week to spend Christmas.

Mrs. M. Grady and daughter, Lola, of Toledo are guests of Mr. and Mrs. A. Kaplan of west High street. Miss Grady is a daughter of the Kaplans.

Douglas Andrews, son of Mr. and Mrs. Edgar Andrews, of west High street, will arrive Friday to spend Christmas with his parents, Mr. and Mrs. C. L. Andrews, of west High street.

Mrs. Mary Dondle, of west High street, is visiting friends in Toledo for over the week end.

## ELKS PARTY

The Elks entertained with a handsome dinner-dance Wednesday evening at their club. Dinner was served at eight o'clock and was an elaborate five course affair. Tables were laid in the ball room, which was very attractive with holiday novelties. Holly and mistletoe sprays adorned the side lights and the chandelier in the center, while the stage, where the rag pickers orchestra played for the dancing and during the dinner was banked with palms. Throughout the evening cabaret artists entertained the guests. One group of entertainers was from Detroit, while there was a quartette of men from the Keith Circuit, who sang and played.

Arrangements are being made and rapidly maturing for the formal New Year's Party, which will be a great success undoubtedly. Pischers orchestra from Kalamazoo, Michigan, and the local rag pickers will play for dancing. Pischers orchestra made its initial appearance here last week when local Kiwanians entertained with a dinner-dance, and their well earned fame has not been long in spreading over the community.

Mrs. Evelyn Morris, who is enrolled this year at the American College, Chicago, will return to the home of her parents, Mr. and Mrs. Sam Morris, of West High street, the first of the week.

## SPECIAL MUSIC

Under the direction of Professor Mark Evans, the augmented choir of the First Congregational Church, will present the cantata "The Coming of the King," Sunday morning at 10:30.

A great deal of special attention has been given to this presentation and all are invited to attend. Some of Lima's best talent is included.

D. Hoppe, of the D. Hoppe and Orr Company will arrive Friday from Chicago to spend the week-end here.

Miss Pauline Wenner, daughter of Mr. and Mrs. Henry Wenner of West Market street, and Miss Elvira Spangnagle, daughter of Mrs. Emma Spangnagle, of West Market street have returned home for the Christmas vacation from school at Birmingham, Pennsylvania.

Miss Clara Bell, of West Market street leaves Friday morning for Denison College, Granville, Ohio, where she will be a guest at a week-end house party at the Sigma Alpha Upsilon Fraternity House.

## PRIMROSE CLUB

Mrs. Alice Smith of Delphos entertained members of the Primrose Club, of which she is a prominent member, Tuesday afternoon. The evening was the diversion of the afternoon, with Mrs. Val Canary holding high score Mrs. E. A. Rosor, second, and Mrs. S. P. Berry was consoling.

Guests other than club members were Mrs. George Simonson and Mrs. Joseph Hummer.

## HAPPY GO LUCKY CLUB

Members of the Happy Go Lucky Club will be entertained Thursday evening at the home of Mrs. Omar Simons, of West Market street.

## LAUREL CLUB

Laurel Club will meet Friday afternoon with Mrs. Jack Andrews, of Leland avenue.

James C. Fink, who attends the University of Pennsylvania at Philadelphia will arrive Friday to spend Christmas with his mother, Mrs. Grace Fink, of west Market street.

Larry Wright returned to his home Wednesday from Culver, Indiana, where he attends school at Culver Military School.

## THOUSANDS HAVE KIDNEY TROUBLE AND NEVER SUSPECT IT

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies in an interview of the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people and the large majority of those whose applications are declined do not even suspect that they have the disease. It is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Lima Times.

## TEA.

The Girls Welfare League of the Central High school will be hostesses to the members of the Girls Welfare League, of south high school, Friday afternoon at 3:45, when they will entertain with tea and a musicale. These little affairs tend to heighten the interest in school affairs and are very delightful.

## WEDNESDAY EVENING BRIDGE.

Miss Martha Andrews, of west High street welcomed the members of her bridge club Wednesday evening, two tables being filled for play. An attractive luncheon was served following the games. Guests were Mrs. Seward Folsom, Mrs. Frank Wallace, and Mrs. Emmett Jackson.

Miss Mary Ferrall, who has been spending several months with her aunt, Mrs. Frank Boone, of West Market street has returned to her home in Bucyrus.

Mrs. Elizabeth K. Price and daughter, Miss Florence, of the Cook Apartments, will spend Christmas in Sharon, Pennsylvania, with friends and relatives.

Earl Phillips and Foster Fields, attending Carnegie Institute of Technology, will arrive home Friday for the Christmas holidays.

J. E. Lynch, of Oil City, Pennsylvania, is spending several weeks with his brother, J. C. Lynch, of North College street and his sisters, Mrs. J. E. Fisher, of North Washington street, and Mrs. M. J. Hogan, of West High street.

Mr. and Mrs. Warren Melly, of Jean Court, are entertaining Miss Anna May Boltwright, of Tabor, Iowa, over the holidays. Miss Boltwright is a cousin of Mrs. Melly.

## WILL BE PROBATED.

According to the will of the Rev. Father John G. Mizer, deceased, probated Wednesday, personal property valued at \$4,000 and a library was bequeathed to Father A. Fish, Carey, Ohio. Father Fish was named executor of the estate.

## MILLIONS Suffer from Acid-Stomach

Millions of people suffer year after year from ailments affecting practically every part of the body. The most common of these ailments is acid-stomach. Here is the reason: poor digestion means poor health. The different organs and tissues of the body. The blood is impoverished—becomes weak, thin, sluggish. Acids enter the system from such conditions. Biliousness, rheumatism, lameness, neuralgia, general weakness, loss of energy, nervousness, mental depression—even more serious ailments such as catarrhs and cancer of the stomach, intestines, liver, bladder, of the liver, heart trouble—all of these can often be traced directly to acid-stomach. Keep a sharp lookout for the first symptoms of acid-stomach—indigestion, heartburn, belching, food repeating, that awful painful bloating, acid erasing, and sour, gassy stomach. EATONIC, the wonderful modern remedy for acid-stomach, is guaranteed to bring quick relief from these stomach troubles. Thousands say they never dreamed that anything could bring such speedy relief—and make them feel so much better in every way. Try EATONIC and you, too, will be just as enthusiastic in its praise. Make your life more comfortable—no aches or pains—no blues or melancholy—no more of that tired, listless feeling. Be well and strong. Get back your physical and mental punch; your vim, vigor and vitality. You will always be weak and ailing as long as you have acid-stomach. So get rid of it now. Take EATONIC Tablets—may taste good—yet eat them like a bit of candy. Your druggist has EATONIC—50 cents for a big box. Get a box from him today and if you are not satisfied he will refund your money.

## The Arnold Electric Washer

### Advances In Price Jan. 1

Get Yours While the Old Price Still Prevails

### The Price of the Arnold Is Now \$67.50

The price on the ARNOLD is now \$67.50 and the price advances January first. Come in to the store and see this wonderful machine and let us explain how easily you can own one. Do not delay, but come in tomorrow and save the difference between the old and the new price.

## Value

The value of an Arnold Electric Washer in the home is obvious to everyone. The Arnold saves time, saves money—best of all, saves the woman. Washing with an Arnold compares with the old style method of washing as a modern harvesting machine compares with a farmer reaping grain by hand. An Arnold will earn its cost in a remarkably short time by the saving effected on wear and tear of clothing alone. The Arnold will help solve your servant question. With an Arnold no chemicals or acids are used, therefore clothes will last much longer, and the washing is done in your own home under sanitary conditions. No expense, no hard work, no worry.

## Construction

Only the very best of material is used in building the Arnold. All metal parts are galvanized and will not rust. Bearings are so constructed that they are practically everlasting. The tub legs have ball bearing casters and machine can be easily moved from place to place. The height of machine allows wringer to be swung over any standard stationary laundry tub, making it possible to do a whole washing quickly and without lifting clothes from one place to another.

## Swinging Wringer

Enables wringing of clothes in three different positions. It is never necessary to swing clothes back over the lid. It saves moving machine, tubs or wash baskets. The wringer rollers are extra quality white rubber, solid to the core. The rollers run forward or backward, also have safety protecting guards. Has reversible water drain board and ball bearings. It is the very best quality wringer that money can buy.

## Does All the Hard Work

The Arnold does both the washing and wringing either at the same time or separately. While the machine washes the clothes you can do other housework. At the same time you are wringing the Arnold can be washing other clothes. It takes only about two hours to finish a good sized family washing at a cost for electricity of only a few cents.

## Easy to Operate

The Arnold washer is so simple, easy and safe to operate that even a child can run the machine and do as good work as a grown person. The old style way of washing calls for much scrubbing, stooping, bending, lifting, cranking and other hard and disagreeable work. Get an Arnold. It will do all this hard work for you. All you have to do is to attach the cord to any convenient light socket, turn the switch and the motor begins to hum, ready for work. Close the lid and the washer starts to work. Raise the lid and it stops.

## Safe to Operate

Superior safety features makes the Arnold absolutely safe. There is no danger of accident. The machinery is mostly underneath the tub, out of the way. Other parts are guarded so that it is impossible to get caught in them. The wringer on the Arnold is absolutely safe to operate because of the foot pedal control. The rolls turn only when the foot pedal is held down. If your fingers should get caught your first impulse will remove your foot from the pedal which instantly stops the wringer before any harm is done. This foot pedal control makes it impossible for the wringer to run in your absence, consequently children will not get their fingers caught and seriously injured. The value of this safety feature cannot be overestimated. It enables the use of both hands to feed the wringer and prevents bunching and consequent tearing of clothes and breaking of buttons.

## Method of Operation

The inside of the tub is corrugated like a washboard. Wooden fingers gently take hold of the clothes and force them through the soapy water and at the same time rub them on the washboard sides and bottom of the tub. Our improved construction positively and absolutely prevents any tearing or injury of clothes, fine fabrics or lace; this we positively guarantee.

Don't let anybody fool you about washing machines. Don't buy a machine at a high fancy price just because the method of operation is different and someone tells you it is better. Here are the facts—There are in use today easily 500 of the machines with the wooden washing fingers to one of any other method of operation, and with our improvements it positively cleans clothes better and with less wear than it can be done in any other way and positively without tearing.

## Safety Foot Pedal

Gives absolute and instant control of starting and stopping wringer. Estimates all danger of getting fingers injured between wringer rolls. This exclusive patented feature makes the Arnold the only absolutely and always safe machine on the market.

## The Motor

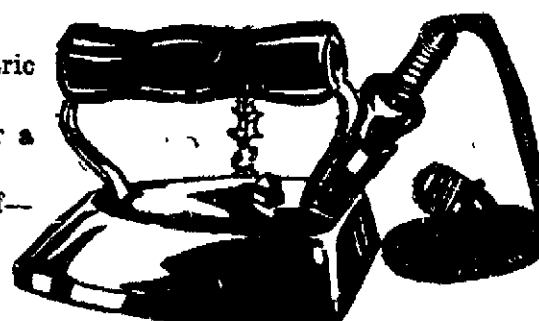

The motor is an Arnold 1-4 H. P. special washing machine motor. They can be operated on any electric lighting current and will deliver ample power for perfectly and rapidly washing and wringing, and will start under full load. The Arnold motor is so well insulated and thoroughly well made and designed that water cannot injure it. Consumes only about 2 cents worth of current per hour.

## NOIROT'S CASE IN FEDERAL COURT

Chief of Police O. J. Roush, and detectives McCoy and Kipker were in Toledo Wednesday to testify before the federal grand jury in session there investigating the case of Theodore N. Noirot, fined \$500 in criminal court here for selling intoxicating liquor. Noirot runs a soft drink establishment at 241 South Main street.

**PLAINTIFF LOSES CASE**  
Jury in the damage case of Lewis Smith against Louis Silverman returned a verdict of no cause for action Wednesday afternoon. The plaintiff asked \$50 for damages sustained in an automobile collision November 28, 1918.

## Court Gives Man Right To Remain

Alert Whitted was granted a restraining order in common pleas court Wednesday preventing Charles A. Plock or Lee L. Crain from forcing his family from the house occupied by them at 1212 East Kibby street.

Whitted alleges in his petition, he entered into a contract with agents of Crain on October 31 for rental of the premises for three months, with the privilege of buying the property at the expiration of that period.

**WILL PROBATED**  
The will of Lettie C. Shaffer, deceased, was probated Thursday. All her property is left to her husband, Samuel S. Shaffer.

**PRINCE ALBERT**

PUT a pipe in your face that's filled cheerily brimful of Prince Albert, if you're on the trail of smoke peace! For, P. A. will sing you a song of tobacco joy that will make you wish your life job was to see how much of the national joy smoke you could get away with every twenty-four hours!

You can "carry on" with Prince Albert through thick and thin. You'll be after laying down a smoke barrage that'll make the boys think of the old front line in France!

P. A. never tires your taste because it has the quality! And, let it slip into your think-tank that P. A. is made by our exclusive patented process that cuts out bite and parch—assurance that you can hit smoke-record-high-spots seven days out of every week without any comeback but real smoke joy!

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

## MAYTAG

Cabinet Electric Washer will be demonstrated at this store Friday and Saturday by Mr. Bowman, the factory representative.

## Maytag

Electric Washer

With Swinging Reversible Wringer

marks the most wonderful advance heretofore attained in power washer construction. It represents the accumulated advantages created by years of development in power washer construction and reduces the problem of home laundering to a care-free ideal of economic necessity. Simple, safe and sanitary. Can be instantly attached to any electric light socket and washing is made as easy as turning on the switch. Does the heaviest family washing silently, efficiently and economically and handles the most delicate fabrics and laces with as great safety as washing by hand.

Come in and let Mr. Bowman, the factory expert, explain its wonderful features.

## RECORD IS MADE BY LOCAL ARMY OFFICER

The Lima army recruiting office is second to the Toledo recruiting office for the number of recruits obtained so far this month, as 21 men have been enlisted at the local station. A letter has been received by Sergeant Long from the Toledo office congratulating him for the splendid record, as usually during the holidays the recruiting is the slackest.

One Lima man, and so far the only one from this district, enlisted at the local station this morning for

service in Siberia, and left here immediately for his long journey of several thousand miles. He was Ralph E. Creneau, 601 Harrison avenue. Creneau was a former service man, having been overseas with the 28th Engineers.

## Friday is Donation Day at Hospital

A committee of women will be at the city hospital all day Friday to accept gifts and donations of magazines, fruit, canned goods, books, etc., for the patients. One day each year is set aside for contributions to the hospital. For those who cannot bring their gifts, they will be called for if the committee is notified. Mrs. Ira Armstrong is chairman.

**WAS RESTLESS WITH PAIN**  
E. W. Kitt, R. F. D. 2, box 9, Shorters, Ala., writes: "I took Foley Kidney Pills as I was restless at night with pains in my back and side, and they did me good. I can truthfully say Foley Kidney Pills is the medicine for kidney trouble." They relieve rheumatic pains, stiff, swollen joints, lameness, soreness, H. T. Vorkamp.

# HEALTH WORK IN COUNTY IS BIG SUCCESS

Miss Nikel Is Well Pleased  
With the Efforts of  
Children.

## MAKES HER REPORT

Tots Are Taught The Use  
of Toothbrush and Other  
Necessities.

From a report made by Miss Nikel,  
rural nurse employed by the Allen  
County Child Welfare Association, it

is seen that the ultimate adoption of the Health Crusade work in the country schools will be one of the big features of the organization's efforts in the interests of public betterment. The report covers a period of from September 12 to December 12. In that time Miss Nikel examined 1374 children and of these found 393 underweight to an extent that put them in the under nourished class. These children are pupils of the schools of Wettsminster, West Cairo, Harrod, Perry, American, Bath, Monroe and Richland townships.

Operated Upon 36.  
To date Miss Nikel has had 36 operations on children whose parents were not in a position to pay for the same. These including relief for adenoids and trouble with tonsils. There were more of these operations which were paid for by parents. There were four dental cases and two specially fitted with glasses. In a majority of these cases parents have cheerfully paid for the necessary treatments.

A letter from a prominent teacher to Miss Nikel told of how on a certain Monday nine pupils had used their tooth brush; and on the next day, following Miss Nikel's talk, 17

reported that they had used the brush. And with two attending to their teeth Sunday evening ten did so Monday evening after the talk.

Mon on Cakes.  
Monday 13 drank coffee, Tuesday morning the number had dwindled to two. Especially encouraging two drank milk on Monday with six drinking milk Tuesday morning, and 15 Monday evening. Eleven of 36 pupils who had no tooth brush and to whom its use was entirely foreign promised to secure brushes at once. Thus does the Health Crusade idea take hold of the children.

The regular introduction of this Health Crusade work in the schools of the rural district will be begun soon after the holidays.

## WINTER WEATHER AND HEAVY FOODS.

Extra work put on digestive organs in cold weather leads to indigestion, biliousness, bad breath, bloating, gas, constipation. Foley Cathartic Tablets cleanse the bowels, sweeten the stomach and benefit the liver. Cause no griping or nausea. Stout persons like the light, free feeling they bring. H. T. Vorkamp.

## FIRMER TONE IN IRREGULAR TRADE

NEW YORK, Dec. 18.—Bulls were lower by fractions to 1 1/2 points at the opening of today's stock market as a result of the attitude of labor organizations toward government control of transportation lines. In reaction in rails probably accounted for the heaviness of other leaders, especially General Motors, Chrysler and active industrials generally. Oils were erratic, Mexican petroleum displaying strength while Texas company reacted sharply. Pressure against United States Steel contributed to the further irregularity of the list within the first half hour.

Further unsettlement was created during the early period by an abrupt break in British exchange which fell 5 cents under yesterday's final quotation. Rails continued to lose ground, low priced issues falling 1 to 4 points with Standard shares. Reactions among oil, motor and steel also increased, the break in Texas company extending to 35 points. Shipings, equipment, leather, tobacco and food shares fell 1 to 2 1/2 points, the latter developed a firmer tone at noon, shares covering the six per cent rate for cash money.

Another break in foreign exchange and the stand taken by labor organizations against the return to the railroad increased further selling of leading stocks today. Sales approximated 7,000,000 shares. The closing was heavy.

## GRAIN TREND IS ON DOWN GRADE

CHICAGO, Dec. 18.—Most traders in corn leaned to the opinion today that the market had been overbought, and that a reaction from the recent sharp advance was due. Opening prices, which ranged from 1/2 to 1 1/2 lower, with January \$1.40 to \$1.45, and May \$1.35 to \$1.40, were followed by moderate further declines and then by something of a rally.

Oats tended downward with corn. After opening 1/2 to 1 1/2 lower, including May at 82 1/2 to 83 1/2, the market continued to sag.

Provisions were weak as a result of setbacks in the value of grain and hog prices. Corn prices closed heavy 1/2 to 1 1/2 lower, with January \$1.39 1/2 to \$1.40 1/2, and May \$1.35 1/2 to \$1.36 1/2. In the meat hour provisions duplicated the transient strength shown by corn.

Corn, December \$1.47, January \$1.39 1/2, May \$1.35 1/2.

Oats, May 83 1/2, July 77 1/2.

Wheat, January \$2.90, May \$2.82.

Lard, January \$23.05, May \$23.87.

Butter, January \$18.47, May \$18.97.

## AMUSEMENTS

Regent—Katherine MacDonald, capitalized as "The American Beauty," has certainly made an auspicious start as a first national star in "The Thunderbolt." Her repressive attitudes are wonderfully appropriate for the role she is called upon to interpret, since it is her duty to maintain a family pride. The idea is founded on a feud, but since the contending parties have outgrown the use of firearms, the conflict takes on an originality which is as dramatic as it is daring in conception.

The husband, admirably represented by Thomas Meighan—a most finished screen actor, much admired—has been marked at birth by lightning so that whenever a thunderstorm occurs he is temporarily insane and has no knowledge of what he is doing. Masterful when in his right mind he becomes pitifully weak during a storm. The mother instinct will not be denied. The wife, unloved and unsought, at last with the aid of the Elements triumphs over the husband, bringing to her the first happiness she had ever known—and with the boy comes a regeneration of the father.

"The Thunderbolt" is truly one of those great plays that come along once in a while and there is no denying its dramatic sweep. The cast and direction are praiseworthy. "The Thunderbolt" was witnessed by large crowds yesterday and will doubtless ring up a record for attendance during its showing in Lima.

Tom Moore is coming to the Regent Sunday in "The Gay Lord Quex." Mary Pickford is scheduled Wednesday in "Heart of the Hills."

Parrot—The new program at the Parrot today is notable for both quality and quantity. Enid Bennett heads the bill, although it is probable that "Fatty" Arbuckle will give her a close race for supremacy.

Miss Bennett is seen in the new Indiana comedy-drama, "The Virtuous Thief," by C. Gardner Sullivan, and the open faced comedian will appear in his new farcical travesty of theatrical life, "Back Stage." Topics of the Day and "Stars as They Are" are other additions to the program, the latter being entertaining views of movie stars at work and at play.

Orpheum—One of the most magnificently staged and what is expected to prove one of the most enjoyable acts that has been booked at the Orpheum theatre thus far this season is featured on the program for the last half of this week, beginning at the matinee this afternoon and continuing through Sunday night. It is Stempel, Leonard and Co., late stars of Broadway's most popular musical comedies. This is the first time in more than five years that Stempel, Leonard and Bob Matthews, who composed the attraction, have journeyed away from New York. Another big feature of this program is the Larimer-Hudson Troupe, presenting what they term, "The Pinnacle of Picturesque Pedagogy." They perform all manner of amazing feats upon the bicycle, unicycle and other wheeled devices. They were one of the biggest attractions with the greatest circus in the world last summer. In vaudeville it is said they are scoring an even

more phenomenal success than they did beneath the great white top. Al-man and Woods are black face funsters extraordinary they present a riot of droll comedy. In addition to the big-time vaudeville, there are five reels of first run motion pictures on this program for today, the balance of this week and Sunday. The photo-play offering is "The Heart of Juanito," a superb romance and mystery play, which showed at the Majestic theatre

in Springfield the early part of this week at prices charged for the combined program at the Orpheum. Beginning Christmas day, three magnificent holiday vaudeville bills of six acts each will be presented at the Orpheum.

Tuberculosis among the miners has increased since the introduction of electric power into South Africa.

**HIS TREATMENT IS REMARKABLE, SAYS CAP. PATTY**  
**Ex-Passenger Agent North-ern Pacific Discusses Former Trouble.**  
**HE PRAISES TANLAC**  
**Says It Did Him More Good Than Anything He Has Ever Taken.**

Nearly everybody in Knoxville, Tenn., especially railroad people, know Captain F. S. Patty, for twelve years district passenger agent for the Northern Pacific railroad, with local offices in Chattanooga and general offices in St. Paul, Minn.

On account of generally failing health, Captain Patty was forced to discontinue active work and for the past few years has been making his home in Knoxville, where he numbers his friends by his acquaintances. He is a kind, genial gentleman of the old school and is beloved by all who know him. The following interesting statement was made by him in person to the Tanlac representative.

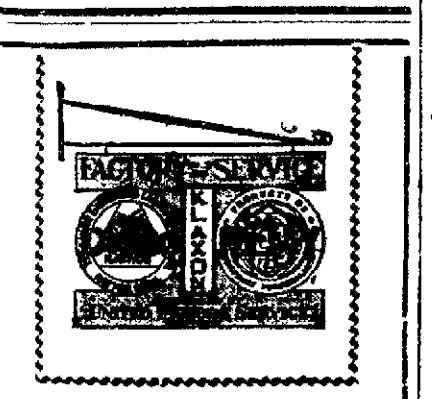

"I am 69 years old and always enjoyed very good health up to about six years ago, when I suffered a nervous breakdown and my health gradually failed me. My principal trouble was indigestion and catarrh but my whole system seemed to be out of shape. My condition finally got so bad I couldn't sleep at night and always after eating I would suffer from indigestion and heartburn (that I felt just like there was a coal of fire in my stomach). My hearing and vision were also affected. I consulted several doctors here in Knoxville and other cities and they helped me out considerably and I finally got so I could go around; but somehow I just couldn't feel right and could not sleep at night, which made me awfully nervous, and nothing I would eat seemed to agree with me.

"I began reading about Tanlac when you first came here, but did not decide to try the medicine until I talked with a friend of mine who had actually used it. He said it was the best thing he had ever taken and that was sufficient proof for me.

"I have just finished the first bottle and came here this morning, not only to buy the second bottle, but to tell you just what it has done for me. I began enjoying my meals from the first few doses. My nervousness is gone and I can sleep like a child and always wake up in the morning ready for breakfast and feeling refreshed. I am very fond of onions, but was almost afraid to eat them, because they always disagreed with me so I could taste them for years afterwards. I ate one for dinner the other day and I felt no bad after effects whatsoever. I tell you, I am beginning to feel like a different man and am always going to keep this Tanlac on hand. It has done me more good than anything else in the medicine line I have ever taken. I certainly do recommend it to my friends. It is really remarkable."

Tanlac is sold in Lima by The Hunter Drug Store and the leading druggist in every town.

**CUT THIS OUT—IT IS WORTH MONEY**  
 DON'T MISS THIS. Cut out this slip and enclose with 5c to Foley & Co., 2815 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley Kidney Pills and Foley Cathartic Tablets. H. F. Vorkamp.

## FILTRATION PLANT COSTS \$5,000 MORE

City Auditor Rupert is today checking the final estimate of the A. Bentley Company, contractors who erected the new filtration plant. The cost of this construction, according to Rupert, was about \$5,589.69 more than the original contract which amounted to \$166,891. Materials which were necessary, and which were not mentioned in the contract, is the cause of this, officials say.

They also state, this is a frequent case, and in practically every contract there is omitted certain materials which must be purchased before the construction is completed. According to Bentley company's final estimate the cost of the new filtration plant and railroad switch will cost \$172,429.69. The city has the necessary funds, Rupert announced.

The work, according to officials has been passed upon by the supervising engineers and Service Director Metheny.

**GIVES PERMISSION TO USE NAME**  
 Eugene Palmer, Lawrence, Mass., writes: "Foley's Honey and Tar relieved me of a cough from which I suffered for weeks. You have my full permission to use my name in any advertising." Foley's Honey and Tar checks colds, cuts the phlegm, soothes inflamed membranes, clears breathing passages. H. T. Vorkamp.
